How to Use Your Kusstom LED Light

1. Place the light under a porch, patio cover, or front entryway for longer-lasting performance and vibrant colors.
2. Choose your power option:
 - **Battery Mode:** Use the timer setting (2–4 hours) to conserve power.
 - **USB Mode:** Plug into a safe outlet on your patio or indoors.
 - **Solar power sold separately soon available**
3. Remember, the light is water-resistant and built for outdoor use, but protection under cover will extend its life.
4. Use indoors if desired for decorative accents or special occasions.
